TEAR SHEET: PLANTATIONS II

COLLECTION: GBO

DESIGN YEAR: 2022

PROD YEAR: 2023

ABOUT

Gbo is a limited-edition collection of handwoven, embroidered and braided jute/wool rugs designed in-house by Kelechi Ejikeme for A Craft Exhibit. The collection is inspired by Nigerian geographical lines and regional landmarks in a selection of local hues. The collection is a re-introduction of jute as a sustainable yet aesthetic material for deluxe grade rugs.

PATTERN DESCRIPTION

'*Plantations*' is inspired by reimagined pre-industrialization farm lands that would have spanned an expanse of hectares of land in eastern Nigeria.

It celebrates the opulence of the sub-Saharan soil which has birthed a plethora of tribes, culture and anthropology; and has been a custodian of many buried treasures.

ALL RIGHTS RESERVED

Pattern
PLANT II <FWSU_>

Technique
Soumak braid on hand woven jute flat weave

Material
Jute/ Wool/Cotton

Colourway
Blue medley
Customisable

Dimensions
200cm x 200cm
Customisable

Production Time
15-18 weeks

Place of Production
India

CARE

Jute

Features
Biodegradable, durable, tread and shed resistant. In its natural and dyed state it is characterised by a melange effect that hides minor spots and stains.

Maintenance
Keep away from intense sunlight. Treat stains before they dry. Should stain occur, blot gently with a moist (not wet)terry cloth terry cloth using cool water and mild soap. Do not twist if exposed to excessive water. For large stains and spills, seek professional cleaning. Do not dry clean.

Wool

Features
Stain resistant (due to lanolin coating), elastic and soft. The lanolin coating prevents penetration by water based liquids.

Maintenance
Vacuum stains before blotting with a moist (not wet) terry cloth using cool water and mild detergent. Do not twist if exposed to excessive water. For large stains and spills, seek professional cleaning. Do not dry clean
